Poster Judges

Dr. Sarita Shamsunder
Dr. Asha Swarup

Dear friends,

*Warm greetings from the organizing team of ISCCP 2018. The **13th ISCCP Conference** will be held in Bengaluru, Karnataka in March 2018.*

As we are all aware cervical cancer is a totally preventable disease but still continues to be a leading cause of death from cancer in Indian women.

One woman dies in every 7-8 minutes from Cervical Cancer Why is screening not successful in India? - too many barriers?

We, the members of the ISCCP provide a platform for all to discuss, debate and deliberate and to come to a consensus on effective methods to prevent cervical cancer and the ways to overcome the barriers.

Your participation will make the deliberation fruitful and will also enhance your knowledge and skills.

Let us join hands and meet in large numbers to make this conference effective and memorable.

A warm welcome awaits you in the garden city of Bengaluru.

Dr. Bafna U D
Organising Chairperson

Dr. Sundari N
Organising Chairperson
